A new book chronicling the work and adventures of Sudipta Sengupta, a pioneering geologist-mountaineer and one of the first Indian women to set foot in Antarctica in 1983.

"Breaking Rocks and Barriers", published by HarperCollins India, narrates Sengupta's adventures as a geologist studying and doing fieldwork in remote areas across the world - from encounters with snakes in the mines of Bihar and trekking across a 'black glacier' in Norway to being engulfed by a thundercloud in Sweden and being greeted by a flock of penguins in Antarctica.

Sengupta was part of the Third Indian Expedition to Antarctica that ran from December 3, 1983, to March 25, 1984.

Ans. c

Sol. 6 August - Hiroshima Day

Hiroshima Day is observed on 6 August every year. This is the day when the atomic bomb was dropped on the Japanese city of Hiroshima.

On this day in 1945, the detonation of an atomic weapon caused the immediate loss of thousands of lives, making Hiroshima the first city to endure such a devastating nuclear attack. Today, we mark the 76th anniversary of this tragic event.

The historical context of 1945 reveals that the United States dropped two atomic bombs, known as 'Little Boy' and 'Fat Man,' on Hiroshima and Nagasaki on August 6 and 9, respectively.

The bombing of Hiroshima on August 6 led to the devastating loss of approximately 39 percent of the city's civilian population.

The immediate and profound impact of this attack marked one of the most tragic events in history, resulting in extensive casualties and widespread destruction.

Ans. e

Sol. Google Pay, PhonePe, Amazon Pay, Cred, MobiKwik seek entry into RBI's eRupee pilot program

Five prominent payment companies, including Google Pay, Walmart-backed PhonePe, and Amazon Pay, have applied to join the Reserve Bank of India's (RBI) pilot program for the eRupee, India's central bank digital currency (CBDC). Fintech firms Cred and MobiKwik have also submitted applications. The RBI launched the eRupee pilot in December 2022, but transaction volumes have declined significantly since an initial surge, reflecting the challenges central banks worldwide face in popularising digital currencies. Initially, the RBI restricted eRupee transactions to banks' mobile applications. However, in April, the central bank opened the door for payment companies to participate in the pilot, pending approval.

The five payment firms are now working closely with the RBI and the National Payments Corporation of India (NPCI) to integrate eRupee functionality into their platforms. They are expected to roll out access over the next three to four months.

Allowing these popular payment apps to offer eRupee transactions is seen as a strategic move to boost adoption and expand the user base.

Sol. Sable becomes 1st Indian man to qualify for 3000m steeplechase final

Avinash Sable became the first Indian man to qualify for the 3000m steeplechase final after finishing fifth in his heat.

But quartermiler Kiran Pahal failed to book an automatic semi-final berth in women's 400m following a seventh place finish in her heat at the Paris Olympics. Sable, easily the most decorated track and field athlete after Neeraj Chopra in the current contingent, timed 8:15.43 minutes to finish fifth in the second heat to make it to the final round.

However, Sable's heat timing was well below his best effort of 8:09.91 minutes, which he had clocked at the Paris Diamond League last month.

Sable's heat was won by Morocco's Mohamed Tindouft with a timing of 8:10.62 minutes, while Samuel Firewu of Ethiopia with 8:11.61 minutes came second.

Abraham Kibiwot of Kenya (8:12.02 minutes) was third, while Ryuji Miura of Japan came fourth. He clocked 8:12.41 minutes.

Sol. 30 August - Small Industry Day

Small Industry Day is observed on 30 August every year.

This day recognises the contributions of small businesses and industries to the economy. It also highlights the crucial role that small enterprises play in fostering innovation, creating jobs, and driving economic growth.

Theme 2024 - Leveraging Power and Resilience of Micro-, Small and Medium-sized Enterprises (MSMEs) to Accelerate Sustainable Development and Eradicate Poverty in Times of Multiple Crises

The origins of Small Industry Day can be traced back to the year 2000 when the Indian government introduced a comprehensive policy package for small-scale industries (SSI). To mark this significant development, the Ministry of Small-Scale Industries declared August 30 as Small Industries Day.

The first celebration took place on August 30, 2001, when the Ministry organised a convention for small entrepreneurs in the national capital. Over time, both government institutions and the public have recognised the importance of these enterprises.

The terms Small Scale Industry (SSI) registration and micro, small, and medium enterprise (MSME) registration are often used interchangeably. The MSME Development Act of 2006 was created to help the growth, expansion, and competitiveness of MSMEs or SSIs.

On May 9, 2007, the former Ministry of Small-Scale Industries and the Ministry of Agro and Rural Industries were merged to create the Ministry of Micro, Small, and Medium Enterprises (MSME).

- (b) ₹3 lakh
- (c) ₹5 lakh
- (d) ₹7 lakh
- (e) ₹10 lakh

Ans. c

Sol. Limit for tax payments via UPI to increase from ₹1 lakh to ₹5 lakh: RBI

The Reserve Bank of India (RBI) has proposed raising the upper limit for tax payments through the Unified Payments Interface (UPI) from Rs 1 lakh to Rs 5 lakh per transaction.

Currently, the transaction limit for UPI is Rs 1 lakh except for certain categories of payments which have higher transaction limits. It has now been decided to enhance the limit for tax payments through UPI from Rs 1 lakh to Rs 5 lakh per transaction. This will further ease tax payments by consumers through UPI.

The decision was made during the 50th meeting of the Monetary Policy Committee (MPC) held on 8 August.

The increased limit is expected to offer greater convenience to taxpayers, particularly for high-value transactions, potentially encouraging more taxpayers to use UPI for their tax liabilities.

In December 2023, RBI had increased the limit to Rs 5 lakh from certain payments, such as hospital and educational institutions.

Nagasaki Day is observed every year on 9 August. This year marked the 79th Anniversary of Nagasaki Day.

On August 9, 1945, a U.S. B-29 bomber named Bockscar dropped an atomic bomb codenamed "Fat Man" on the city of Nagasaki.

This event occurred just three days after the atomic bombing of Hiroshima, making it the second and, to date, the last use of nuclear weapons in warfare.

The atomic bomb "Fat Man" dropped by a US B-29 bomber on Nagasaki on August 9, 1945, killed as many as 70,000 people, three days after the bombing of Hiroshima killed more than 140,000.

Thousands of people were killed in the next two to four months due to the radiation effects of the bombing.

Although the exact number of casualties is unknown, the atomic bombs dropped by the US are estimated to have killed more than 200,000 people.

The Government of India has declared August 23rd as "National Space Day" to celebrate the remarkable success of the Chandrayaan-3 Mission, which accomplished safe and soft landing of the Vikram Lander and deployed the Pragyaan rover on the lunar surface near the South Pole.

This historic achievement places India among an elite group of space faring nations, making India the fourth country to land on the Moon and the first to do so near the south pole of the Moon.

This achievement is being celebrated across the country during July and August 2024, with the goal of engaging and inspiring the younger generation in the field of Space Science and Technology.

To commemorate the remarkable success of the Chandrayaan-3 Mission, the Department of Fisheries is organizing a series of seminars and demonstrations on "Application of Space Technologies in Fisheries Sector" in coastal States and UTs under the guidance of Dr. Abhilash Likhi.

These seminars and demonstrations are being organized across 18 locations, covering topics such as Space Technology in Fisheries – An overview, the Communication & Navigation System for the marine domain, space-based observation.

174. National Payments Corporation of India (NPCI) has hived off the UPI-based payment application Bharat Interface for Money (BHIM) as a separate subsidiary to address the growing demand for digital transactions in the country and to promote financial inclusion. Who has been appointed as the CEO of the new subsidiary named NPCI Bhim Services Ltd (NBSL)?

नेशनल पेमेंट्स कॉर्पोरेशन ऑफ इंडिया (NPCI) ने देश में डिजिटल लेनदेन की बढ़ती मांग को पूरा करने और वित्तीय समावेशन को बढ़ावा देने के लिए UPI-आधारित भुगतान एप्लिकेशन भारत इंटरफेस फॉर मनी (BHIM) को एक अलग सहायक कंपनी के रूप में अलग कर दिया है। NPCI भीम सर्विसेज लिमिटेड (NBSL) नामक नई सहायक कंपनी के सीईओ के रूप में किसे नियुक्त किया गया है?

- (a) Rajnish Kumar
- (b) Arun Bansal
- (c) Rajeev Agarwal
- (d) Dinesh Kumar Khara
- (e) Lalitha Nataraj

Ans. e

Sol. NPCI hives off Bhim as separate arm; Lalitha Nataraj to be CEO

National Payments Corporation of India (NPCI) has hived off the UPI-based payment application Bharat Interface for Money (Bhim) as a separate subsidiary to address the growing demand for digital transactions in the country and to promote financial inclusion. Lalitha Nataraj, a former senior executive at IDFC First Bank, has been appointed as the chief executive officer of the new subsidiary named NPCI Bhim Services Ltd (NBSL).

The spin-off of Bhim is an interesting development, given the UPI ecosystem is dominated by Google Pay and Walmart-backed PhonePe. Paytm, the third-largest UPI app, has seen its market share drop after the Reserve Bank of India's crackdown on its payments bank early this year.

Industry insiders expect NPCI to attempt to grab a significant chunk of the UPI payments market with a focused push through the Bhim arm. It could also look to build new UPI-based payments and credit-based use cases for consumers via the app.

- (a) 2.54%
- (b) 2.94%
- (c) 3.04%
- (d) 2.04%
- (e) 4.04%

Ans. d

Sol. WPI inflation cools to 3-month low of 2.04% in July as food prices decline

India's wholesale price index (WPI) inflation cooled to a three-month low of 2.04 per cent in July from a 16-month high of 3.36 per cent in June, primarily on the back of a sharp reduction in food prices.

The food price inflation stood at 3.45 per cent during the month as compared to 10.87 per cent in the preceding month.

The data released by the Ministry of Commerce and Industry showed that the inflation of other major sub-indices like manufactured products and fuel and power witnessed a slightly higher year-on-year (Y-o-Y) print in July.

The moderation in WPI inflation was primarily driven by a decline in the inflation of primary articles, even as inflation for manufactured products and fuel and power increased.

- (b) Ballistic Missile
- (c) Light Weight Nuclear Bomb
- (d) High Altitude Drone System
- (e) Long-Range Glide Bomb

Ans. e**Sol.** DRDO successfully tested its first Long-Range Glide Bomb GAURAV

The Defence Research and Development Organisation (DRDO) has successfully tested its Long-Range Glide Bomb, GAURAV, off the coast of Odisha.

The smart bomb was dropped from the Indian Air Force's Su-30 MK-I fighter plane.

The successful testing of the smart bomb is likely to enhance the Indian Air Force's combat capability.

After being dropped from the fighter plane, the bomb pops out its wings and is guided to its target by an onboard satellite navigation system. These bombs are very useful for the Air Force as they can be fired from a safe distance from the enemy air defence system.

About GAURAV Bomb

- The Research Centre Imarat (RCI), Hyderabad laboratory of the DRDO, is developing long-range glide bombs named GAURAV for the Indian Air Force.
- GAURAV is a winged long-range glide bomb which weighs 1000 kg and has a glide range of 100 km.
- The Gaurav bomb has a hybrid navigation system, which combines the Inertial Navigation System (INS) and the Global Positioning System (GPS).

- (a) Nation @2047
- (b) One Nation
- (c) Nation First, Always First
- (d) India @2047
- (e) Viksit Bharat

Ans. e

Sol. India celebrated 78th Independence Day this year

India celebrates its Independence Day annually on August 15. This year, the nation marks its 78th Independence Day or Swatantrata Diwas.

The government of India has announced the theme for this year is Viksit Bharat or Developed India. It symbolises the vision of a developed nation by 2047 and reflects the government's commitment to transform India.

The year 2047 will be the 100th year of India's freedom from colonial rule.

Independence Day commemorates India's freedom from British colonial rule for more than 200 years on August 15, 1947. The country began its struggle for Independence with the Rovolt of 1857.

Later, around 1920, the freedom struggle gained momentum under Mahatma Gandhi's leadership. Finally, on July 4, 1947, the British House of Commons introduced the Indian Independence Bill. On August 15, India became an independent nation.

On the eve of India's Independence, Jawaharlal Nehru, the first Prime Minister of Independent India, hailed this historic achievement as a 'Tryst with Destiny'.

On August 15, Nehru hoisted the Indian national flag above the Lahori Gate of Red Fort in Delhi. It is a tradition that every Prime Minister has since followed with an address to the country.

This year's speech will mark the 11th consecutive Independence Day speech by PM Modi and the first during his third term.

191. India has observed the 'Partition Horrors Remembrance Day' every year on which date to pay tribute to those who lost their lives and were displaced during the country's partition in 1947?

भारत में हर साल किस दिन 'विभाजन विभीषिका स्मृति दिवस' मनाया जाता है, ताकि 1947 में देश के विभाजन के दौरान अपनी जान गंवाने वाले और विस्थापित हुए लोगों को श्रद्धांजलि दी जा सके?

- (a) 12 August
- (b) 13 August
- (c) 14 August
- (d) 15 August
- (e) 16 August

Ans. c

Sol. 14 August - Partition Horrors Remembrance Day

India has observed the 'Partition Horrors Remembrance Day' every year on August 14 to pay tribute to those who lost their lives and were displaced during the country's partition in 1947.

Prime Minister Narendra Modi announced in 2021 that August 14 would be observed annually as 'Partition Horrors Remembrance Day'.

The observance aims to commemorate the sacrifices made by those who suffered during the Partition and to keep their memories alive.

India gained independence from British rule on August 15, 1947. While Independence Day is a joyous and proud occasion, the trauma of the partition that accompanied the birth of the newly independent nation left permanent scars on millions of Indians.

The partition resulted in one of the largest migrations in human history, affecting around 20 million people. Countless families were forced to leave their ancestral homes and start anew as refugees.

Partition Horrors Remembrance Day serves as a solemn reminder of the suffering endured and the resilience shown by those who lived through one of the most turbulent periods in India's history.

What is the full form of ULI?

भारतीय रिजर्व बैंक, पैन और आधार रिकॉर्ड, पिछले ऋण इतिहास, व्यक्तियों की आय और ऋण रिकॉर्ड, साथ ही विभिन्न राज्यों के भूमि रिकॉर्ड जैसी डिजिटल जानकारी के निर्बाध और सहमति-आधारित प्रवाह को सुविधाजनक बनाने के लिए ULI लॉन्च करेगा, जो कई डेटा सेवा प्रदाताओं से ऋणदाताओं तक पहुँचेगा। ULI का पूरा नाम क्या है?

- (a) Unified Land Interface
- (b) Unified Loan Interface
- (c) Unified Leverage Interface
- (d) Unified Lock Interface
- (e) Unified Lending Interface

Ans. e

Sol. RBI to launch ULI for frictionless flow of credit to small, rural borrowers

The Reserve Bank of India will launch a Unified Lending Interface (ULI) that will transform the lending ecosystem in the country like the Unified Payments Interface (UPI) has done for the payments system.

The ULI will facilitate seamless and consent-based flow of digital information, like PAN and Aadhaar records, previous lending history, income and credit records of individuals, as well as land records of various states, from multiple data service providers to lenders.

This will reduce the time taken for credit appraisal, especially for smaller and rural borrowers.

The ULI architecture will have common and standardised APIs (Application Programming Interface), designed for a 'plug and play' approach to ensure digital access to information from diverse sources.

The 'new trinity' of JAM-UPI-ULI will be a revolutionary step forward in India's digital infrastructure journey.

JAM refers to Jan Dhan, Aadhaar and Mobile. Like UPI, the Unified Lending Interface is also expected to be user-friendly and reduce the complexity of multiple technical integrations. It is expected to enable borrowers to get the benefit of seamless delivery of credit, and quicker turnaround time without requiring extensive documentation.

- (e) Kerala

Ans. a

Sol. Maharashtra becomes first state to adopt Unified Pension Scheme

The Maharashtra Cabinet has approved the central government's Unified Pension Scheme (UPS), becoming the first state to do so.

The move by the Maharashtra government comes hours after employee unions demanded states to implement the newly approved scheme by the Modi government, which will take effect from April 1, 2025.

The cabinet also cleared the proposal to expand the uninterrupted power supply scheme to more farmers in the state. They would get supply during the day. It cleared the ₹7,000 crore Nar-Par-Girna River linking scheme that would primarily benefit north Maharashtra districts like Nashik and Jalgaon.

The project involves lifting 9.19 TMC of water from the Nar, Par, and Auranga rivers, carrying it through a 14.56-kilometre tunnel, and releasing it in the Girna river basin near the Chankapur dam.

Moody's Ratings has raised its real GDP growth projections for India, forecasting a robust 7.2 percent growth for the fiscal year 2024, up from a previous estimate of 6.8 percent.

The New York-based global rating agency has also raised its growth projections to 6.6 percent for 2025, up from 6.4 percent.

The report attributes these revised projections to strong, broad-based growth, driven by resilient private consumption and improved business conditions.

Moody's noted that the Indian economy grew 7.8 percent year-over-year in the first quarter of 2024, despite tight monetary policy and efforts toward fiscal consolidation.

Additionally, the report emphasized the expected strengthening of the capital expenditure (capex) cycle, supported by rising capacity utilization and continued government infrastructure spending.

Sol. Three more Ramsar wetland sites now in India, taking total to 85

Three more Indian sites have been added to the list of wetlands of international importance under the Ramsar Convention, taking the total number of such highly-recognised waterlogged ecosystems in the country to 85.

The Nanjarayan Bird Sanctuary and the Kazhuveli Bird Sanctuary in Tamil Nadu, and the Tawa Reservoir in Madhya Pradesh are the three wetlands which have got the Ramsar site tag.

The 85 Indian wetlands on the Ramsar list span over 1.35 million hectares. Tamil Nadu has the maximum number of Ramsar sites (18) followed by Uttar Pradesh (10).

The number of Ramsar sites has increased from 26 to 85 in the last 10 years, of which 41 have been added in the last three years alone.

This takes our tally to 85 Ramsar sites, covering an area of 13,58,068 ha in India.

The aim of the Ramsar list is to "develop and maintain an international network of wetlands, which are important for the conservation of global biological diversity and for sustaining human life, through the maintenance of their ecosystem components, processes, and benefits".

The Ramsar Convention is an international treaty for the conservation and wise use of wetlands. It is named after the Iranian city of Ramsar, on the Caspian Sea, where the treaty was signed on February 2, 1971.

Ans. c

Sol. 19 July - World Photography Day

World Photography Day is observed every year on 19 August to raise awareness about the importance of photography.

Photography is an art form that allows us to freeze and keep moments forever. A single image can evoke a variety of emotions and feelings, which can be relived with a quick gaze.

The history of photography dates back to 1837 in France when two men named Joseph Nicéphore Niépce and Louis Daguerre developed the first-ever photographic process or daguerreotype.

Following this, the invention was officially announced by the French Academy of Sciences on January 19, 1837. It is believed that the French government purchased the patent for the invention 10 days after the announcement was made. The government did not copyright the patent and gave it to the world as a gift.

India's Designated Authority for Cross-Border Trade has approved an additional 251 MW of power exports from 12 hydropower projects in Nepal.

For the first time, Nepal would be exporting power to Bihar through a medium-term power sales agreement. This takes the total allowed quantum from 690 MW from 16 projects to 941 MW from 28 projects.

Even before this 251 MW approval, Nepal had already become a net exporter of electricity and net revenue generator in the last fiscal year selling NPR 16.93 billion worth of electricity.

In October 2021, India approved 39 MW of power exports from Nepal to India for the first time. In less than 3 years, this figure has grown by more than 24 times.

Nepal first began its power exports by selling in the Day Ahead Market of the Indian Energy Exchange. Since then, India has also granted access to the Real-Time Market.

The Agreement for Long-Term Power between India and Nepal envisages the sale of up to 10,000 MW of power from Nepal to India in the next 10 years. This is the first year of the Agreement and around 1000 MW exports have already been reached.

Ans. a

Sol. Airtel Payments Bank introduces AI-powered Face Match

Airtel Payments Bank has launched the Face Match, a new security feature designed to protect customer accounts from fraudulent activities.

The feature uses advanced machine learning algorithms to assess potential threats and activate facial recognition verification when necessary.

How does it work?

- The Face Match feature works by analysing various factors, including user behaviour, transactions patterns, location data, and device location to verify the user. In case the user activity is inconsistent with their past behaviour and information, the user is asked to verify their identity through a selfie.
- Upon activation, users receive a notification prompting them to complete a quick verification through the Airtel Thanks app.
- The selfie is then compared to the photo taken during the account onboarding process using facial recognition technology and liveliness checks. A successful match allows the transaction to proceed.

Sol. NPCI launches 'UPI Circle' for Secure Payments Among Trusted Users

The National Payments Corporation of India (NPCI) has introduced a new feature called 'UPI Circle' on its Unified Payments Interface (UPI) platform. This feature allows primary UPI account holders to securely delegate payment responsibilities to trusted secondary users.

What is UPI Circle?

UPI Circle-Delegate Payments is a feature where a UPI user acts as a primary link with their trusted secondary users on their UPI App for either partial or full delegation.

How UPI Circle-Delegate Payments Work?

- Primary User: The account holder who initiates and controls the delegation.
- Secondary User: A trusted individual granted either partial or full access to the account for making payments.

Types of Delegation

- Full Delegation: The secondary user is authorised to complete transactions within set limits without further approval.
- Partial Delegation: The secondary user initiates transactions, but the primary user must authenticate and finalise them using their UPI PIN.

Benefits and Considerations

- UPI Circle enhances convenience by allowing payments on behalf of dependents while maintaining security through controlled access. It is particularly useful for managing payments for children or elderly dependents, reducing fraud risk, and ensuring budget adherence.
- The feature also opens up possibilities for micro-communities within gig economies, enabling easy real-time payments. However, primary users must carefully manage and restrict delegation to trusted individuals.

Ans. c

Sol. Manohar Lal Khattar launches 3 Online Platforms to Boost Power Sector Efficiency & Transparency

Union Minister of Power Manohar Lal Khattar has launched three online platforms to enhance the efficiency, transparency, and effectiveness of power sector in New Delhi.

The portals are named as Portal for Online Monitoring of Projects – Thermal (PROMPT), Disaster Resilient Infrastructure for Power Sector (DRIPS) and JAL VIDYUT DPR.

All these online portals have been developed by the Central Electricity Authority under the Union Ministry of Power. NTPC helped the Central Electricity Authority in developing the PROMPT platform.

About PROMPT Portal

- The PROMPT (Portal for Online Monitoring of Projects—Thermal) will facilitate real-time analysis and tracking of thermal power projects under construction in India online.
- This is expected to quickly identify and resolve the issue that leads to delays in the construction of thermal power plants.

About DRIPS portal

- The Disaster Resource Inventory for Power Sector (DRIPS) online portal has been built to quickly identify power disruptions in the country due to natural disasters like cyclones, earthquakes, flooding etc.
- It will link the designated nodal officers of all the departments of the power sector and other agencies in the affected districts and states so that necessary steps are taken to quickly restore power in the affected areas.

About JAL VIDYUT DPR Platform

- The JAL VIDYUT DPR (Monitoring Survey and Investigation Activities of Hydroelectric Projects and Pumped Storage Projects) will provide the real-time status of Hydroelectric pumped storage projects under construction in various parts of the country.
- This will ensure better management and coordination for the construction of the pumped hydroelectric plants.

Ans. e

Sol. JNCASR partners with HZL to scale up indigenous Zn-ion battery technologies

Vedanta-owned Hindustan Zinc Ltd., India's largest integrated zinc producer, has signed an MoU with the Jawaharlal Nehru Centre for Advanced Scientific Research (JNCASR) to collaborate and develop new variants of zinc materials to propel the commercialisation of zinc-based batteries.

At present, lithium-ion batteries dominate the market but lithium availability, geographic concentration of mineral processing, and safety concerns around combustion issues pose some key challenges to the advancement of sustainable energy solutions.

The indigenous development of zinc-based batteries will also help the exchequer save due to the element's abundance within the country. Some of the widely recognized zinc-based battery chemistries include zinc-manganese, zinc-carbon, nickel-zinc, and zinc-air.

The collaboration will focus on the research and development of zinc alloys as anodes for zinc ion and zinc air batteries, developing electrolytes for high-performance zinc alloy anodes, and designing and developing chemical processes for recycling zinc metal-based batteries.

Sol. Ola becomes only EV maker to secure PLI certification for four electric scooters

Ola Electric's S1 X 3 kWh and S1 X 4 kWh scooters have received certification for compliance with the Production Linked Incentive (PLI) Scheme for the automobile and auto components sector.

This certification, awarded by the Automotive Research Association of India (ARAI), comes after Ola Electric successfully met the minimum localisation criteria of 50% as mandated by the Ministry of Heavy Industries.

The company stands to receive incentives ranging from 13% to 18% of the determined sales value of compliant products for up to five consecutive financial years starting from Fiscal 2024.

With this Ola Electric has become the only EV maker to get PLI compliance certification for four products: S1 Air, S1 Pro, and S1 X models in both 3 kWh and 4 kWh versions. The S1 Air received PLI certification earlier at the Auto PLI Conclave held in January 2024.

About PLI Scheme

- The PLI scheme, unveiled by the government in 2021 with a budgetary outlay of INR 25,938 crore, aims to boost domestic manufacturing of Advanced Automotive Technology (AAT) products and attract investments in the automotive manufacturing value chain.
- The scheme focuses on Zero Emission Vehicles (ZEVs), such as Battery Electric and Hydrogen Fuel Cell Vehicles, by providing financial incentives to automobile OEMs and component makers.

- (iii) The gender gap in accessing financial services was 20 per cent in 2011, and it has been reduced to 6 per cent in 2017 which was less than the Global gap of 9 per cent.
- (iv) The scheme launched in 2014, has proven to be the foundation stone in bringing over 80 per cent of Indian women under the ambit of financial inclusion.

How many of the given point(s) is/are CORRECT?

- (a) only one
- (b) only two
- (c) only three
- (d) all are correct
- (e) all are incorrect

Ans. d

Sol. PMJDY completes a decade of successful implementation

The world's largest financial inclusion programme, Pradhan Mantri Jan Dhan Yojana (PMJDY) completed 10 years on 28 August 2024.

The Pradhan Mantri Jan Dhan Yojana (PMJDY) was launched by the government of India on 28 August 2014 with the aim of bringing the unbanked population within the formal banking system.

The scheme launched in 2014, has proven to be the foundation stone in bringing over 80 percent of Indian women under the ambit of financial inclusion.

A significant boost in the bank account ownership of women in a decade, it has gone up from just 26 percent in 2011 to 78 percent in 2021.

Out of the total 53.13 crore Jan Dhan accounts over 30 crore are women's accounts. Over 35 crore of the Jan Dhan account hail from rural or semi-urban areas.

PM Jan Dhan Yojana has diminished the rural-urban divide in terms of bank accounts. The percentage of households that have a bank account or a post office account is now almost the same in urban and rural areas, 95 percent vs 96 percent respectively.

PM Jan Dhan Yojana has also bridged the gender gap in access to financial services. The gender gap in accessing financial services was 20 percent in 2011, and it has been reduced to 6 percent in 2017 which was less than the Global gap of 9 percent.

PMJDY has other benefits as well in terms of financial inclusion. As of August 2024, over 36.13 crores of RuPay debit cards are issued without any cost to Jan Dhan account holders.

The RuPay debit card is free of cost, gives an insurance benefit of ₹ 2 lakh along with an overdraft facility of up to Rs 10,000 to every cardholder.

PMJDY has been the foundation stone for many more people-centric economic initiatives. Whether it is direct benefit transfers, COVID-19 financial assistance, PM-KISAN, increased wages under MGNREGA, or life and health insurance.

India has surpassed China in financial inclusion metrics says the SBI report of 2021. Mobile and Internet banking transactions soared to 13,615 per 1,000 adults in 2020 up from 183 in 2015, while the number of bank branches per 100,000 adults rose to 14.7, exceeding those in Germany, China, and South Africa.

India's account ownership more than doubled from 35 percent in 2011 to 78 percent in 2021. All these are because of the government's various initiatives for financial inclusion.

The world's first mobile hybrid rocket, RHUMI-1, was successfully launched. The successful launch of the RHUMI-1 rocket also marks the launch of the first reusable hybrid rocket in India.

The rocket was developed by Chennai-based startup Space Zone India in collaboration with Martin Group.

The success of RHUMI-1 is expected to improve the efficiency and reduce the operational cost of rocket launches, making space exploration more accessible. The RHUMI-1 rocket is launched from a mobile launcher like a special truck, and the rocket can be used again; hence, it is called a reusable rocket. The RHUMI-1 reusable hybrid rocket was launched from a mobile launcher in Thiruvidandhai, a coastal village in Chennai, Tamil Nadu. The RHUMI-1 reusable hybrid rocket launched three CubeSats and 50 PICO satellites into a suborbital trajectory. The satellites will collect data for research on Global warming and Climate Change.

RHUMI-1, a sounding rocket, flew at an altitude of about 35 km and returned to Earth after conducting several experiments within seconds.

What is a Hybrid Rocket?

- A hybrid rocket engine combines the features of both solid-fueled and liquid-fueled engines.
- Hybrid rocket engines use solid fuel as the propellant and a liquid or gaseous oxidiser to sustain combustion.
- The RHUMI Rocket is equipped with a generic-fuel-based hybrid motor and electrically triggered parachute deployer, RHUMI is 100% pyrotechnic-free and 0% TNT.

The IAF dispatched its Sarang Helicopter Display Team to participate in the inaugural edition of the Egypt International Airshow. The event is scheduled to take place from September 3 to 5, 2024, at the strategically located Al-Alamein International Airport in Egypt's El Dabaa.

The airport, situated along the Mediterranean, serves as a major hub for global air, commercial, and logistical transport, making it an apt location for an event of this magnitude.

The Sarang team, renowned for their precision and impressive aerial displays, will be showcasing the indigenous 'Dhruv' Advanced Light Helicopters (ALH Mk-I). These helicopters, built by Hindustan Aeronautics Limited (HAL), are multi-role and multi-mission, featuring a hinge-less composite main rotor, and are designed for both military and civilian applications. The contingent will be carrying five Sarang helicopters, which are being airlifted by C-17 Globemaster aircraft for the event.

The Egypt International Airshow is spearheaded by the Egyptian Ministry of Defence, Egyptian Air Force, Ministry of Civil Aviation, Egyptian Space Agency, and EgyptAir.

The event aims to promote industrialisation, digitalisation, and globalisation within the defence, space, and commercial aviation sectors across Africa and the Middle East. It provides a platform for nations and businesses to shape the future of aerospace in the region.

Sol. Unified Pension Scheme to replace National Pension System in India

The Union Cabinet, chaired by Prime Minister Narendra Modi, has approved the Unified Pension System (UPS) for its employees. The new scheme will replace the existing National Pension System (NPS).

The National Pension System was mandatory for central government employees except for the armed forces, which joined the service on 1 January 2004. Later, many state governments implemented the NPS for their employees.

According to the government of India the Unified Pension Scheme is proposed to be implemented from 1 April 2025.

What is the Unified Pension Scheme?

- The Modi government approved a new pension scheme called the Unified Pension Scheme (UPS). The UPS includes provisions for a fixed pension amount, ensuring retirees receive a guaranteed and predetermined sum regularly after retirement.
- Under UPS, if you work for 25 years or more, you will receive 50% of your average pay for the preceding 12 months as a pension, adjusted for inflation through dearness allowance.
- Employee contributions will remain the same under the UPS. However, the government will increase its contribution from 14% to 18.5%.
- At retirement under UPS, you will receive a lump sum payment at superannuation along with gratuity. This will be 1/10th of your monthly emoluments (pay + DA) on the date of superannuation for every six months of completed service. This payment will not reduce the assured pension amount.
- Retirees under UPS will receive 50% of their average basic pay over the last 12 months before retirement for a minimum of 25 years of qualifying service. For shorter service periods, pensions will be proportionate, with a minimum of 10 years of service. A pension of Rs 10,000 per month will be given after a minimum of 10 years of service.

Sol. Centre approves Unified Vigyan Dhara scheme to boost science and technology ecosystem

The Union Cabinet has approved the continuation of three umbrella schemes under a new unified central sector scheme named 'Vigyan Dhara' within the Department of Science and Technology (DST).

The scheme, which will span from 2021-22 to 2025-26, has been allocated an outlay of Rs 10,579.84 crore.

The 'Vigyan Dhara' scheme consolidates the following three broad components:

1. Science and Technology (S&T) Institutional and Human Capacity Building
2. Research and Development (R&D),
3. Innovation, Technology Development, and Deployment

The primary goal of the 'Vigyan Dhara' initiative is to enhance the country's Science, Technology, and Innovation (STI) ecosystem.

The 'Vigyan Dhara' scheme aims to advance research in several key areas, namely, basic research, to facilitate access to international mega facilities, translational research, to focus on sustainable energy, water, and other critical areas, and collaborative research, to foster international bilateral and multilateral partnerships.

The scheme will also work towards strengthening the science and technology sector by expanding the Full-Time Equivalent (FTE) researcher count, implementing targeted measures to improve the participation of women in Science and Technology (S&T), and achieve gender equality in STI.

Sol. Tata AIA Life launches 'Sampoorna Raksha Promise' product with ₹3 lakh instant payout feature

Tata AIA Life Insurance has unveiled its latest term insurance product, Sampoorna Raksha Promise. This product is designed to enhance financial security.

Keeping in mind that the family may have to incur urgent expenses on the demise of the key member, it offers an instant payout of Rs. 3 lakhs on death claim intimation.

Sampoorna Raksha Promise allows the policyholder to defer the premium by 12 months in such circumstances. When diagnosed with a terminal illness e.g. cancer, the consumer is paid 50% of the sum assured, even as the future premiums are waived and policy benefits continue to accrue.

Sampoorna Raksha Promise provides coverage up to the age of 100 with two plan options:

Life Promise – Consumers can select a particular sum assured at the time of purchase, which is payable upon the policyholder's death.

Life Promise Plus – Offers a similar death benefit to the Life Promise Option. Further, when the policyholder survives till maturity, 100% of the total premium (excluding modal premiums and discounts) is paid back.

Payor Accelerator Benefit is offered in both options, where a lump sum of 50% of the base sum assured is paid in the event of a Terminal Illness claim. Further, all future premiums are waived after the claim payment is made. The policy remains in force along with the benefits.

Ans. b

Sol. Siemens Healthineers gets India nod for Mpox test kit

German healthcare firm Siemens Healthineers AG received the Indian drug regulator's approval to manufacture mpox detection kits in the country, a significant step to help screen and prevent the spread of the viral infection.

The kits will be manufactured by the company's molecular diagnostics manufacturing unit in Vadodara, which has a production capacity of one million tests per annum.

With the RT-PCR kits, the test results will be available in 40 minutes, which is significantly faster than traditional methods that take one to two hours. This will help reduce the turnaround time for reporting, leading to quicker responses.

The IMGX Monkeypox Detection RT-PCR Assay is a molecular diagnostic test that targets two distinct regions in the viral genome, spanning both clade I and clade II variants of the virus. This ensures thorough detection across various viral strains, providing comprehensive results.
