(e) both a and d

Ans. a

Sol. ISRO successfully launches SpaDeX mission from Sriharikota

Indian Space Research Organisation (ISRO) successfully launched the Space Docking Experiment (SpaDeX) mission.

ISRO's PSLV-C60 rocket carrying two spacecraft that would aid in demonstration of space docking lifted off from the Satish Dhawan Space Centre in Sriharikota.

PSLV-C60 successfully deployed two satellites SDX01 (the Chaser) and SDX02 (the Target) in low earth orbit shortly after its launch.

The two spacecraft will now be directed towards achieving space docking in the next 10 days. SpaDeX aims to demonstrate advanced in-space docking technology, a crucial capability for future missions, including lunar expeditions and the Bharatiya Antariksh Station (BAS).

The SpaDeX mission represents a critical step in advancing India's capabilities in orbital docking. Successful completion of this mission will enhance ISRO's ability to conduct complex operations in space and lay the groundwork for future interplanetary missions.

- (a) 5.8%
- (b) 6.0%
- (c) 6.6%
- (d) 7.0%
- (e) 7.5%

Ans. c

Sol. Economy exhibiting resilience, GDP to grow at 6.6 pc in FY25: RBI report

The Indian economy is exhibiting resilience and stability, and the gross domestic product (GDP) is projected to grow at 6.6 percent in 2024-25, aided by a revival in rural consumption, a pickup in government consumption and investment, and strong services exports, according to RBI.

The Reserve Bank has released the December 2024 issue of the Financial Stability Report (FSR), which reflects the collective assessment of the Sub-Committee of the Financial Stability and Development Council (FSDC) on the resilience of the Indian financial system and risks to financial stability.

The soundness of scheduled commercial banks (SCBs) has been bolstered by strong profitability, declining non-performing assets and adequate capital and liquidity buffers. Return on assets (RoA) and return on equity (RoE) are at decadal highs, while the gross non-performing asset (GNPA) ratio has fallen to a multi-year low.

It also said that macro stress tests demonstrate that most SCBs have adequate capital buffers relative to the regulatory minimum threshold even under adverse stress scenarios. Stress tests also validate the resilience of mutual funds and clearing corporations.

On the economy, FSR said during the first half of 2024-25, real GDP growth (y-o-y) moderated to 6 percent from, 8.2 per cent and 8.1 per cent growth recorded during H1 and H2 of 2023-24, respectively.

Despite this recent deceleration, structural growth drivers remain intact. Real GDP growth is expected to recover in Q3 and Q4 of 2024-25 supported by pick

up in domestic drivers, mainly public consumption and investment, strong service exports and easy financial conditions.

5. Which of the following option is FALSE regarding the proposed lookup facility for NEFT and RTGS?

NEFT और RTGS के लिए प्रस्तावित लुकअप सुविधा के संबंध में निम्नलिखित में से कौन सा विकल्प गलत है?

- (a) The facility will allow users to verify the beneficiary's name before initiating a transaction.
- (b) Member banks are required to implement the facility by April 1, 2025.
- (c) NPCI will develop the facility and onboard all banks.
- (d) The facility will fetch the beneficiary's account name based on the account number and IFSC entered by the remitter.
- (e) The lookup feature will only be available for UPI transactions.

Ans. e

Sol. RBI proposes lookup facility for NEFT, RTGS; banks to comply by April 1.
The Reserve Bank of India (RBI) proposed the introduction of a lookup facility for beneficiary accounts in the Real-Time Gross Settlement (RTGS) and National Electronic Funds Transfer (NEFT) systems to prevent fraud.

This facility will allow users to view and verify the name of the beneficiary before initiating a transaction, similar to the existing feature on India's real-time payment systems, Unified Payments Interface (UPI) and Immediate Payments Service (IMPS).

Currently, remitters cannot see the beneficiary's name before conducting a transaction on NEFT and RTGS. The RBI has directed member banks of these systems to implement the facility by April 1, 2025. The feature will be provided to customers free of charge.

The National Payments Corporation of India (NPCI) has been tasked with developing the facility and onboarding all banks to enable the feature.

Based on the account number and IFSC of the beneficiary entered by the remitter, the facility will fetch the beneficiary's account name from the bank's core banking solution.

The facility will be accessible to remitters through internet and mobile banking as well as at bank branches for in-person transactions. Beneficiary banks will be required to display the account name to the remitter.

Both the remitting and beneficiary banks will need to store data related to the lookup queries and responses as part of the process. However, the NPCI, while responsible for developing the facility, will not be permitted to store any data related to the lookup queries.

6. Which of the following option is FALSE about the extended deadline for the Vivad Se Vishwas Scheme?

विवाद से विश्वास योजना की विस्तारित समय-सीमा के बारे में निम्नलिखित में से कौन-सा विकल्प सत्य है?

- (a) The new deadline for filing applications is January 31, 2025.
- (b) Taxpayers can settle disputes at reduced rates under column (3) of the scheme's table.
- (c) They must pay 100% of disputed tax and 25% of disputed penalties or interest.
- (d) The taxpayer will incur a 10% additional tax and higher penalties.
- (e) all are true

Ans. e

Sol. Income Tax extends Vivad Se Vishwas deadline to January 31

The Income Tax Department has extended the deadline for the Vivad Se Vishwas Scheme 2024, giving taxpayers a fresh opportunity to settle disputes at lower tax rates.

The new deadline, January 31, 2025, provides much-needed relief for those still evaluating the scheme. Initially set for December 31, 2024, the extension avoids a 10% additional tax, ensuring a smoother resolution process.

The Vivad Se Vishwas Scheme, announced in Budget 2024, allows taxpayers to settle pending disputes by paying a lower amount of disputed tax along with specified percentages. Applications filed by January 31, 2025, will follow reduced rates under column (3) of the scheme's table. However, applications submitted from February 1, 2025, will incur a 10% higher tax rate.

The Vivad Se Vishwas Scheme simplifies dispute resolution by allowing taxpayers to settle cases with reduced financial liability. Applications submitted by January 31, 2025, will be charged rates under column (3) of the scheme's table.

For instance, new appellants must pay 100% of disputed tax and 25% for disputed penalties or interest, if filing by the deadline. However, from February 1, 2025, these rates increase to 110% and 30%, respectively.

- (b) December 31, 2025
- (c) December 31, 2026
- (d) December 31, 2027
- (e) December 31, 2028

Ans. c

Sol. NPCI extends market cap deadline for UPI apps by two years to end of 2026
The National Payments Corporation of India (NPCI) has extended the deadline for implementing transaction volume cap on Unified Payments Interface (UPI) apps by two years till December 31, 2026. This is the second time that the NPCI has extended this deadline.

The latest development is expected to provide a much-needed relief to market leaders PhonePe and Google Pay, which process the lion's share of UPI transactions in the country. The two processed about 47.8 per cent and 37.02

per cent of UPI transaction volumes, respectively, in November, according to data published by NPCI.

The apex payments body, "considering various factors", extended the timeline for compliance of existing third party application providers (TPAPs) by another two years. This comes at a time when the real-time payments system has seen euphoric growth in terms of transaction volumes.

UPI clocked 155.44 billion transactions this year as of November, a 32.2 per cent increase from 117.58 billion transactions in calendar year 2023 (CY23). The figures for December 2024 are yet to be published.

The NPCI had initially proposed a 30 per cent cap on the volume of transactions that UPI apps can process back in November 2020, and had given time to the existing players to adhere to the volume cap in two years' time

- (d) Securities and Exchange Board of India (SEBI)
- (e) Central Board of Direct Taxes (CBDT)

Ans. a

Sol. CBIC clarifies rules, says no GST to apply on pre-paid gift vouchers, cards
The Central Board of Indirect Taxes and Customs (CBIC) provided insights into the goods and services tax (GST) treatment of transactions involving vouchers. According to the CBIC, vouchers can be categorised into two types.

The first category includes prepaid instruments, such as gift cards and digital wallets, which are recognised by the Reserve Bank of India (RBI). These vouchers are treated as 'money' under the GST framework, meaning transactions involving them will not be classified as either the supply of goods or services.

The second category comprises non-prepaid vouchers, which do not qualify as prepaid instruments. These vouchers serve as claims to receive specific goods or services and fall under the definition of 'actionable claims'. Similar to their prepaid counterparts, these transactions also do not count as the supply of goods or services for GST purposes.

The CBIC underlined that, regardless of the type of voucher, transactions involving vouchers themselves will not be construed as the supply of goods or services. However, the actual goods or services that can be redeemed using these vouchers may still be subject to GST.

The CBIC further provided important guidance on the GST implications for transactions involving vouchers, distributed by distributors, sub-distributors, and agents.

The CBIC outlined two primary models for voucher distribution:

Commission/fee basis: In this model, distributors and agents act as representatives of the voucher issuer, providing marketing and support services in exchange for a commission or fee.

Since these agents do not own the vouchers and operate under the issuer's guidance, GST will apply to the commission or fees earned, as it is considered a supply of services.

With regard to GST for additional services and unused vouchers, the CBIC said that if distributors or other service providers offer services like, advertising, co-branding, or customer support to voucher issuers, they can charge a service fee. This fee is subject to GST, meaning businesses must pay tax on it according to the applicable rates.

Regarding unused vouchers, when vouchers go unused after their expiry date, known as breakage, the money from these unredeemed vouchers is not taxable under GST.

- (b) Har Ghar Lakhpatri and SBI Patrons
- (c) SBI Gold Deposit and SBI Wealth Care
- (d) SBI Savings Plus and SBI Recurring Elite
- (e) Har Ghar FD and SBI Secure Savings

Ans. b

Sol. SBI launches Har Ghar Lakhpatri RD scheme, SBI Patrons FD deposit scheme for these senior citizens

The State Bank of India (SBI), has launched two new deposit schemes for customers. The two new deposit schemes are: Har Ghar Lakhpatri and SBI Patrons.

'Har Ghar Lakhpatri' is a pre-calculated recurring deposit scheme designed to help customers to accumulate Rs 1 lakh or multiples thereof.

The new scheme simplifies the process of achieving financial goals, allowing customers to plan and save effectively. This product is also available to minors, encouraging early financial planning and savings habits.

SBI has also introduced 'SBI Patrons,' for select senior citizens. This is a specialized fixed deposit scheme tailored for senior citizens aged 80 years and above. The new SBI scheme offers enhanced interest rates, recognizing the long-standing relationship many senior customers have with the bank. 'SBI Patrons' is available to both existing and new FD investors.

SBI has launched other deposit schemes offering higher FD rates to its customers. For instance, SBI We-care deposit scheme offers senior citizens an interest rate of 7.50% for tenor of 5 years to less than 10 years. Similarly, SBI 444 days FD scheme (Amrit Vrishti) offers senior citizens interest rate of 7.75%. The scheme is available till March 31, 2025.

SBI Amrit Kalash, an FD scheme with 400 days offers interest rate of 7.60% to senior citizens. The scheme is also available till March 31, 2025.

46. What is the current rural poverty ratio in India as per the SBI report for FY 2023-24?

वित्त वर्ष 2023-24 के लिए एसबीआई रिपोर्ट के अनुसार भारत में वर्तमान ग्रामीण गरीबी अनुपात क्या है?

- (a) 6.5%
- (b) 5.5%
- (c) 4.86%
- (d) 10.2%
- (e) 3.9%

Ans. c

Sol. India's Rural Poverty Down To 4.86% From 25.7% In 12 Years: SBI Report
India's rural poverty ratio has registered a dramatic decline to 4.86 per cent in the financial year 2023-24 from 25.7 per cent in 2011-12 while urban poverty has fallen to 4.09 per cent from 4.6 per cent during this period, according to an SBI Research report.

At an aggregate level, we believe poverty rates in India could now be in the range of 4 per cent-4.5 per cent with almost minimal existence of extreme poverty.

The sharp decline in the rural poverty ratio is on account of higher consumption growth in the lowest 0-5 per cent decile with significant Government support and such support is important as we also find that change in food prices has significant impact on not just food expenditures, but overall expenditure in general.

Based on 2023-24 fractile distribution, the sample proportion for poverty in rural areas is 4.86 per cent and 4.09 per cent in urban areas in FY24. This is also significantly lower than FY23 estimates of rural poverty at 7.2 per cent and urban poverty at 4.6 per cent.

The difference between rural and urban monthly per capita consumption expenditure (MPCE) is now at 69.7 per cent, a rapid decline from 88.2 per cent in 2009-10. This is mostly due to the initiatives the Government has taken in terms of Direct Benefit Transfers, building rural infrastructure, augmenting farmers' income and improving rural livelihood significantly.

Sol. Nitin Gadkari announces cashless treatment scheme for road accident victims

Union Road Transport and Highways Minister Nitin Gadkari has launched a new scheme to provide cashless treatment to road accident victims.

Once the police are informed within 24 hours of the accident, the scheme will immediately provide for the victim's cost of treatment for 7 days or a maximum of Rs 1.5 lakh.

In case of death in a hit-and-run case, the immediate family of the deceased person will receive Rs 2 lakh.

Gadkari also highlighted road safety as a top priority. In 2024, 1.8 lakh people lost their lives in road accidents across India. Among these, around 30,000 deaths were due to the non-use of helmets.

Another concerning statistic is that 66% of fatal accident victims were between 18 and 34 years old. Additionally, faulty entry and exit points near schools and colleges led to the deaths of 10,000 children.

In fact, accidents involving drivers without valid licenses accounted for around 3,000 fatalities last year. Gadkari also pointed out a significant shortage of trained drivers, with the country lacking approximately 22 lakh drivers.

Ans. a

Sol. Government launches PLI scheme 1.1 for specialty steel

Union Minister of Steel and Heavy Industries, H. D. Kumaraswamy, has launched the second round of the Production Linked Incentive (PLI) scheme for specialty steel, termed PLI Scheme 1.1. The new scheme aims to boost domestic production and reduce dependence on imports.

PLI Scheme 1.1 covers five product categories, similar to the original scheme, and has been introduced following requests from industry participants for certain relaxations.

The scheme will remain open for applications from January 6 to January 31, 2025. The minister expressed optimism that this revised round would see active participation from industry players, contributing to strengthening India's position as a global steel powerhouse.

Changes introduced in PLI Scheme 1.1, based on industry feedback, include reducing the threshold for investment and capacity requirements in certain sub-categories, such as cold-rolled grain-oriented steel (CRGO), a high-value product used in power transformers.

PLI Scheme 1.1 will be implemented during the production period from FY 2025-26 to FY 2029-30.

The five product categories covered under PLI Scheme 1.1 include Coated/Plated Steel Products, High Strength/Wear Resistant Steel, Specialty Rails, Alloy Steel Products & Steel Wires, and Electrical Steel. These products have applications across diverse sectors such as white goods, automobiles, infrastructure, and power transformers.

The total budgetary allocation for the PLI scheme remains at Rs. 6,322 crore, with changes to the scheme designed to make it more investor-friendly.

Notably, companies investing in augmenting existing capacities will be allowed to participate, with the investment threshold reduced by 50% in such cases.

The first round of the PLI scheme, notified in July 2021, saw 44 projects from 26 companies, with a committed investment of Rs. 27,106 crore and the creation of 24 million tonnes of downstream capacity.

As of November 2024, actual investment stood at Rs. 18,300 crore, generating around 8,300 direct jobs. The Ministry of Steel estimates that Rs. 2,000 crore in incentives will be disbursed to participants in the first round.

India's Gross Domestic Product (GDP) is projected to grow at 6.4% in the fiscal year 2024-25, marking a four-year low and a sharp decline from the 8.2% growth recorded in FY24, according to first advance estimates released by the government.

The projection is lower than the recent Reserve Bank estimate of 6.6 percent for the current fiscal year ending March 2025.

Releasing the first advance estimates of national income for 2024-25, the NSO said, "real GDP has been estimated to grow by 6.4 percent in FY2024-25 as compared to the growth rate of 8.2 percent in Provisional Estimate (PE) of GDP for FY2023-24".

The data also revealed that real Gross Value Added (GVA) is expected to expand by 6.4% in FY25, down from 7.2% in FY24. In contrast, nominal GVA is projected to grow at 9.3% in FY25, slightly higher than the 8.5% growth in the previous fiscal year.

- (a) 6.5%
- (b) 6.3%
- (c) 6.1%
- (d) 6.4%
- (e) 6.2%

Ans. b

Sol. SBI lowers India's FY25 GDP growth forecast to 6.3%

The State Bank of India (SBI) has revised its forecast for India's GDP growth in the financial year 2024-25 (FY25) to 6.3 per cent, down from the National Statistical Office's (NSO) projection of 6.4 percent.

The bank attributed the downgrade to multiple economic challenges, including a slowdown in lending and manufacturing, shortly after the Ministry of Statistics and Programme Implementation released its gross domestic product (GDP) projections.

SBI's revision reflects concerns over a slowdown in lending and manufacturing, coupled with the effects of a large base effect from the previous year. According to the NSO's data, agriculture and allied activities are projected to grow by 3.8 per cent in FY25, up from 1.4 per cent in FY24, driven by robust policy measures and public infrastructure development.

Sol. Singapore leads in 2025's most powerful passports; India drops to 85th
Singapore has reclaimed its place at the top of a quarterly ranking of the
world's most powerful passports. Holders of this passport enjoy visa-free access

to 195 out of 227 destinations worldwide, according to the Henley Passport Index.

Japan is second in the ranking, with an open door to 193 destinations, having secured the silver medal by regaining visa-free access to neighbouring China for the first time since the Covid-19 lockdowns.

The EU member states of France, Germany, Italy and Spain are at No. 3, along with Finland and South Korea, with access to 192 destinations with no prior visa needed.

The most powerful passports for 2025

1. Singapore (195 destinations)

Ans. a**Sol. India, U.S. to jointly manufacture interoperable sonobuoys for Navy**

India and the United States have announced a strategic partnership aimed at co-producing sonobuoys for Undersea Domain Awareness (UDA) within the Indian Navy.

This initiative reflects both nations' concerns regarding the increasing Chinese naval presence in the Indian Ocean Region.

Sonobuoys are devices used for detecting submarines in deep waters. They are deployed from aircraft or ships and can monitor underwater sounds. These technologies play a critical role in naval operations, particularly in anti-submarine warfare.

Ultra Maritime, a leader in undersea warfare technology, is collaborating with Bharat Dynamics Limited (BDL) for this project. The partnership will focus on developing sonobuoys tailored for the unique conditions of the Indian Ocean. This collaboration aligns with the U.S.-India Initiative on Critical and Emerging Technologies launched in May 2022.

The sonobuoys will be manufactured according to U.S. Navy standards, with production distributed between the U.S. and India. This approach supports India's 'Make in India' initiative, promoting domestic manufacturing.

- (e) \$600 million

Ans. c

Sol. Bank of India seeks its first dollar loan of \$400 million in over a decade. Bank of India is marketing its first dollar syndicated loan since 2012 of as much as \$400 million. The Indian lender is raising the loan — split into three- and five-year tranches — via its branch located in Gujarat International Finance Tech-City, India's newest financial hub.

Bank of India joins a slew of other Indian borrowers seeking to raise foreign currency debt this year. Reliance Industries Ltd. is looking to borrow as much as \$3 billion, in what could be the largest loan from the country since 2023, while Shriram Finance Ltd. is planning to syndicate part of a \$1.28 billion multi-currency social financing, the biggest ever offshore deal, from an Indian shadow lender.

Meanwhile, State Bank of India is marketing a ¥30 billion (\$191 million) syndicated facility and is planning to raise another borrowing of as much as \$1.25 billion, in what could be the country's biggest dollar loan from the banking sector this year. All this adds to the already busy deal pipeline from Asia Pacific, setting the stage for a likely rebound in loan volumes after three years of decline.

Bank of India last tapped the offshore loan markets in 2012, when it raised a \$200 million two-year facility, according to Bloomberg-compiled data.

Ans. c

Sol. Cabinet approves the establishment of “Third Launch Pad”

The Union Cabinet has approved the establishment of a Third Launch Pad (TLP) at the Satish Dhawan Space Centre in Sriharikota, Andhra Pradesh.

The new launch pad aims to support the next generation of Indian Space Research Organisation’s (ISRO) launch vehicles and enhance the country’s capacity for human spaceflight missions.

The TLP will be designed to support ISRO’s upcoming Next Generation Launch Vehicles (NGLV) and serve as a backup for the existing Second Launch Pad (SLP) at Sriharikota.

The TLP will be adaptable to support not only the NGLV but also LVM3 vehicles, including those with semi-cryogenic stages, and future scaled-up versions of the NGLV. The project is expected to involve substantial industry participation, drawing on ISRO’s experience from the successful establishment of earlier launch pads, while maximizing the use of existing facilities.

The TLP project is projected to take four years to complete, with a total cost of Rs. 3984.86 crore, which includes the establishment of the launch pad and related infrastructure.

The new launch pad is expected to boost India's space ecosystem by enabling higher launch frequencies, thus supporting the national capacity for both human spaceflight and future space exploration missions, including the Bharatiya Antariksha Station (Indian Space Station) by 2035 and a crewed lunar landing by 2040.

Currently, ISRO relies on two existing launch pads: the First Launch Pad (FLP), operational for 30 years, and the Second Launch Pad (SLP), which has been in use for nearly 20 years. These pads have supported significant missions, including Chandrayaan-3 and commercial launches. The new TLP will help meet the growing demand for heavier and more advanced launch vehicles, addressing the expanding vision of India's space program over the next few decades.

The Department of Telecommunications launched the vision document for the National Broadband Mission (NBM) 2.0, a follow-up to the previous NBM released in December 2019.

The growth of broadband subscriptions "serves as the fulcrum, the foundation, and the basis for the launch of NBM 2.0".

The goals of the new NBM include improved fiberisation in rural areas, faster-fixed internet speeds, and improving right-of-way for telecom infrastructure.

The Mission aims to expand "operational" fiber connectivity to 2.7 lakh villages by 2030, from 50,000 now. 90% of "anchor institutions" like schools, anganwadis, public health centres, and panchayat offices should be connected through fiber by then as well, the Mission says. The share of rural Indians who are subscribers should also grow from 45% to 60% by then.

Every year on January 21, the northeastern states of Manipur, Meghalaya, and Tripura celebrate their Statehood Day, marking the historic moment they attained full statehood under the North Eastern Region (Reorganization) Act of 1971. This momentous occasion reflects the evolution of these regions into integral and empowered states within the Union of India.

This day is not just a commemoration of their statehood but also a reflection of their rich history, cultural vibrancy, and contributions to India's identity.

Manipur

•Known as the "Jewel of India," Manipur has a long and illustrious history, steeped in traditional art, dance, and literature. The statehood granted in 1972 allowed Manipur to flourish while preserving its unique identity.

Meghalaya

•Often called the "Abode of Clouds," Meghalaya became a full-fledged state to honour its distinct cultural and linguistic identity. In 1947, the rulers of the Garo and Khasi region acceded to India. Meghalaya which is located in the northeastern region of the country came into existence as an autonomous state

within the state of Assam on April 2, 1970, consisting of United Khasi and Jaintia Hills and the Garo Hills districts.

Tripura

- Tripura was a princely state till the merger with India on November 15, 1949. Bir Bikram was the last king on the throne before India's independence. After his demise on May 17, 1947, his minor son Kirri Bikram Mannikya took over the throne of Tripura kingdom.
- However, he could not rule due to his minor status. His widow queen Kanchan Prabha took charge of Tripura and was instrumental in the merger of the Tripura kingdom in the Union of India.

- (e) 19%

Ans. e

Sol. Trump orders US exit from World Health Organization

United States President Donald Trump signed an executive order to withdraw from the World Health Organisation (WHO) on his very first day in office.

The order said the reasons for withdrawing were WHO's "mishandling of the COVID-19 pandemic", "failure to adopt urgently needed reforms", "inability to demonstrate independence from the inappropriate political influence of WHO member states", and for continued demand of "unfairly onerous payments from the United States."

During the 2024-25 budget cycle, US contributions came to \$662 million, or 19% of the agency's total revenue, according to the WHO.

The WHO is a UN body working on global health. It works with countries to strengthen their primary health care, its guidelines help prepare government policies, and it helps organise programmes to tackle specific diseases.

- (a) Kyoto Protocol
- (b) Paris Agreement
- (c) Montreal Protocol
- (d) Doha Amendment
- (e) UN Climate Charter

Ans. b

Sol. Trump Withdraws US from Paris Agreement

The United States will once again withdraw from the 2015 Paris Agreement on climate change after Donald Trump assumed office for his second term as President.

Trump had pulled the US out of the Paris Agreement during his first term as well, but his successor Joe Biden had got back in four years later.

Adopted in 2015, the Paris Agreement is a global accord aimed at limiting global warming to well below 2°C above pre-industrial levels, with efforts to limit the increase to 1.5°C.

The agreement encourages countries to set and achieve their own emission reduction targets, known as Nationally Determined Contributions (NDCs).

The US is the second largest emitter of greenhouse gas emissions. Its decision to extract, use and export more fossil fuels could negate even this 2 per cent reduction.

Hariman Sharma, a visionary farmer from Himachal Pradesh, has been honored with Padma Shri, one of the highest Civilian Award for his transformative contribution to Indian agriculture.

He developed an innovative, self-pollinating, low chilling apple variety called HRMN – 99, that has revolutionized the apple cultivation landscape in the country and brought a juicy nutritive variety more within reach in terms of geography and affordability.

Unlike commercial apple varieties that require temperate climates and extended chilling hours, HRMN-99 thrives in tropical, sub-tropical, and plain regions with summer temperatures reaching 40-45°C, enabling apple farming in areas where it was previously considered unviable.

The story of the HRMN-99 apple variety began in 1998 when Hariman Sharma planted a few seeds from discarded apples used for household consumption in his backyard. Remarkably, one of these seeds sprouted the following year, and by 2001, the plant bore fruit despite the warm climate of Paniala, situated at an elevation of 1,800 feet.
